

Balade Océane

Hygiene measures implemented from June 1, 2020

Before the arrival

Availability on the website of the recommendations of [ADN Tourism](#) concerning good cleaning and disinfection practices for tourist accommodation (lodgings, furnished accommodation and guest rooms) from 20 May 2020.

Guests are asked to bring masks, hydroalcoholic gel and slippers or house shoes.

Welcome

- Provision of hydroalcoholic gel and disinfectant solution with disposable microfibers at the entrance.
- Instructions given to disinfect hands when entering.
- Possibility given to the hosts to wash their masks on the spot.

Bedrooms

- Plasticized rules in the rooms.
- Provision of hydroalcoholic gel in each room.
- Plastic protection on the flat surfaces of wooden furniture to be able to disinfect them with an alcoholic solution.
- Washable covers on armchairs.
- Removal of decorative bed throws.
- Removal of all objects that cannot be disinfected (eg magazines).
- Window curtains washed after each client.
- Clips that can be disinfected to handle blackout curtains.
- Materials renewed for each client: tourist documentation, notebook and pens.
- The TV remote controls and towel warmers are wrapped in plastic film that can be disinfected.
- Disinfection of key sets given to hosts.

Breakfasts

- As the space available is sufficient to ensure regulatory distance, breakfasts are served in the dining room and / or outdoors.
- All fabric materials have been removed: bread basket, table runner, napkins and replaced with plastic sets, disposable napkins and washable containers.
- All containers are individual or shared as a couple / family (bread, butter, jams, cheeses).
- Collective containers are handled with gloves and only by the owners (coffee, milk, fruit juice).
- Wearing masks for the preparation of breakfasts.

- Fruits and vegetables are washed in soapy water immediately after purchase, rinsed and dried.
- For all fresh products, the overpack is removed and the package is disinfected before being placed in the refrigerator. The other products are left in the open air for several hours before being stored.

Guest tables

- In accordance with the instructions of the Tourist Office, we no longer provide guest tables in the usual configuration.
- We encourage guests to frequent restaurants (list of restaurants available)
- If necessary, we offer on-site consumption of take-out meals or meal trays, all served under the same hygienic conditions as breakfasts.

Cleaning and disinfection

- Room ventilation.
- Wearing coveralls, mask and gloves for handling dirty laundry.
- All bedding is changed after each client including waterproof mattress covers and waterproof pillow protectors.
- Wash clothes at 60 ° C with Sanytol (EN14476) in rinse water or at 40 ° C with Sanytol in wash water and rinse water.
- Window curtains and armchair cover washed after each client.
- The toilets are cleaned with a bleach solution.
- The vacuum cleaner is replaced by a broom with microfiber (one per room) changed after each use.
- Once cleaning is complete, disinfection with an EN14476 approved solution of all surfaces and objects handled by customers: bedside table, desks, chairs, door and window handles, switches, shelves, hangers, trash cans, plasticized documentation.
- Entrance door handles and stair railings are disinfected several times a day.
- The common areas as well as the kitchen are cleaned daily according to the same protocol as the rooms.
- Two sets of garden cushions provide round-the-clock rotation as for the dining room chair cushions.
- Increase the washing temperature of the dishwasher to 70 ° C.
